* Data are provisional based on reports received as of February 29, unless otherwise noted.

† Unconfirmed reports of illness associated with pesticide exposure.

§ Number of elevated tests (data include unconfirmed reports) / total tests performed (not number of children tested); number of tests per county indicates county of health care provider, not county of residence for children tested;

means fewer than 5 tests performed, number omitted for confidentiality reasons.

^ Franklin County data are reported together with Benton County data

~ Douglas County data are reported together with Chelan County data
